

What can we do to secure affordable housing for people in Prince Rupert and the region?

Members of local unions are asking this question in a series of upcoming Town Hall Forums on **Affordable Housing**. We're doing this because there is a housing crisis in our community. By working together, we can solve this crisis. This issue affects everyone. Which is why we must work together.

When faced with a daunting challenge it's tempting to throw up our hands in despair or to point to someone else and cast blame. But neither giving up nor casting blame solves the problem. Working-class people, of all income levels, are all affected by a lack of rental housing, entry-level priced family homes, and housing insecurity. We're in this together. And that's why it's time to roll up our sleeves and start working together as neighbours. Let's figure out how we can ensure housing security for all of our community.

Town Hall #1: Understanding the Challenge – April 17th 2-4 PM (Zoom)

Town Hall #2: Ending Homelessness & Securing Housing for All – May 15th 2-4 PM (Zoom)

Town Hall #3: What Local Governments Can Do – June 19th 2-4 PM (Zoom)

Each forum will include time for presentations from two community leaders on housing issues - with time for an open discussion to follow. These meetings will help people come together to start understanding the complex issues we must overcome to address housing insecurity by securing housing for everyone.
